## **Parks and Public Property**

### **Objectives**

The objectives of the Parks and Athletic Complexes Facilities Use Policy shall be to:

- Provide an adequate number of facilities to support City recreation and sponsored organization programs.
- Protect Millville facilities for safety of users and to minimize wear, prevent overuse and reduce maintenance costs.
- Provide reasonable access to use of facilities for residents.

### **Purpose**

The purpose of this document is to establish policies and procedures that govern the allocation and permitted organized use of Millville facilities, with the overall goal of fair and equitable distribution among all eligible users and to ensure optimal maintenance of facilities owned and operated by the City of Millville. The policy will outline who is eligible to receive permitted use of Millville facilities and identifies the process used to allocate and schedule their usage. Factors to be considered in determining permission for use, as well as permission for type of use are: current capital improvements or rehabilitation, regular maintenance, extent of wear and tear to be caused by use, priority of use by group, coordination of uses, efficient scheduling, location and availability of facility.

### **Policy Review**

### **Authority**

Parks and Public Property is responsible for guiding the administrative policy of public parks and facilities as well as steering future development of facilities to serve the residents of Millville.
