Dear Vendor

Please take a few moments to complete the enclosed vendor application and return with the requested documents specified below, by email, fax, or mail. If we do not receive your vendor application, we will not be able to process your invoice for payment.

All vendors doing business with local contracting agencies are required to be registered with the State of New Jersey Department of the Treasury, Division of Revenue. They must provide proof of registration to the contracting agency before the contracting agency may enter into a purchase order/contract with the business. Please provide us with proof of your Business Registration Certificate issued by the "New Jersey Department of Treasury/Division of Revenue". A sample certificate is enclosed.

If you do not have a Business Registration Certificate, you will need to register with the State of New Jersey. Please visit this website for instructions on how to register. <https://www.njportal.com/DOR/BusinessRegistration/> As referenced above, no purchase orders or contracts will be issued to your firm from the City of Millville until we receive the certificate.

Any contractor, vendor, or professional who performs work for the City of Millville will be required to submit a Certificate of Insurance with their vendor application. (See Attached)

Also enclosed is Form W-9 Request for Taxpayer Identification Number that needs to be completed by your company and returned to the City of Millville Purchasing Department.

Please note that a purchase order is required for all purchases. No merchandise is to be ordered, shipped, or picked up by an employee of the City of Millville, unless a purchase order number is received by your company via phone, fax, or mail. The shipping address will be designated on each purchase order. Since we are a municipal government, we are automatically exempt from sales tax. Enclosed is this exemption.

All invoices for payment should be sent to City of Millville, Accounts Payable, and 12 S. High St., PO Box 609, Millville, NJ 08332-0609. All invoices submitted for payment must have the Purchase Order number clearly shown. We must have a signature on the voucher from the vendor. Contact information for the Purchasing Department is at the top of this letter.

Your anticipated cooperation is appreciated. If you have any questions, please do not hesitate to contact the Purchasing Department.

Sincerely,

Marcella Shepard, CFO

CERTIFICATES OF INSURANCE

Who Needs Them and Why Are They Important?

Quite often we are asked questions about certificates of insurance and the necessity of obtaining them from outside contractors, vendors, professionals and the like. The simple fact of the matter is that Certificates of Insurance are meant to provide evidence that the contractor, vendor, etc. carries insurance that will respond should a claim arise due to their operations. As we all know, when things go wrong, everybody gets sued, even though the work was contracted out.

For example, suppose the municipality hires a contractor to paint the lobby of the municipal building. The contractor sets up a scaffold and commences work. Just as people are entering the building, the scaffolding collapses injuring the painter's employees, municipal employees, members of the public and causing damage to the lobby area. What happens next?

The painter's employees seek coverage for their medical bills and lost wages under the painter's workers compensation policy. There is only one problem; the painter did not purchase workers compensation insurance. Where do the painter's employees turn? Under established NJ law, the employees are entitled to petition for coverage under the municipality's workers compensation insurance. **THAT'S RIGHT!** You get to pay for the painter's lack of coverage! Quite an expense and an unnecessary one if only you had demanded a certificate of insurance that provided evidence of insurance – including workers compensation! Quite often a contractor will inform you that they are a sole proprietor and have no employees. But what if they pick up a day laborer?

Next, members of the public sue both the painter and the municipality for the hazardous condition that caused their injuries. **BUT WAIT!** They have no liability insurance! Guess who pays? You guessed it, the municipality!

Municipal employees file workers compensation claims and submit a claim for the damage caused to their lobby. We pay the claims and then go after the contractor (subrogate) to recover the money we paid out. Again – **NO INSURANCE!**

At the end of the day, the municipality and the JIF have paid hundreds of thousands of dollars in taxpayers money that could have been easily avoided.

So who needs certificates of insurance? YOU DO!

Why are they important? Not getting one can cost you and the JIF hundreds of thousands of dollars!

Require certificates of insurance from **EVERY** contractor, vendor, and professional who performs work for you. Build language into **EVERY** contract that requires insurance and agrees to hold you harmless for acts of the contractor, vendor, or professional. Check the certificate for accuracy and compliance with your requirements and **DO NOT** permit work to commence until you have all of the proper documentation. Sample language is posted to the JIF website.

The above discussion is not meant to be an all-encompassing handling of this issue. The subject of "Additional Insured" status, Notice of Cancellation, proper limits and exhaustion of limits requires more in-depth treatment. Your Risk Management Consultant is an insurance professional who can be of invaluable assistance in reviewing certificates and contractual insurance language. Make sure you enlist their support!

Please note the City of Millville is exempt from paying sales tax under provisions of NJSA 48-8.18 which states:

"Exemption from Sales Tax"

No such tax shall be imposed: (c) upon any sale to or by the state or any county, municipality school district, or other political body thereof;.....

I trust this meets your request for our sales tax exemption. Feel free to contact me if you have any further questions at extension 7214.
